New browning, ab3 micro stalker, 308, new leupold scope, premium, dnz mounts. I was hoping my adult son would start deer hunting with me again. I bought it new at the end of 2016 for the 2017 season. Two seasons have come and gone and it is still sitting in the safe unused. Professionally and meticulously mounted vx-hog 1-4 scope with pig plex rectal. Not the cheaper freedom scope line. Short action,

60 degrees bolt lift, 20" barrel, 13" length of pull. Sighted-in for 200 yards with 150 gr. Federal fusion. Target included. Perfect, never used in the field. If the ad is up it is still for sale. \$645.00 All 207-485-1960 Augusta, ME

Bushmaster AR .223. This is the "real" Bushmaster made in Windham, Maine in the early 2000's not the more recent "Windham" or Remington models that are of less quality. Heavy barrel, low round count with stock that will withstand much more than the current pistol type adjustable stocks seen on most models these days. Runs great and is in excellent condition. Comes with BSA red dot, Bushmaster manual, original 20 rd mag and 3 30 rd mags. Cash or trade for late model Ruger Mini-14. \$850.00 Cash 207-944-3599 Bangor, ME

Nearly new M&P Performance Center Shield. Only shot 39 rounds threw it. Great carry piece, very slim, could barely feel it with the tier 1 axis. Very comfortable in hand with the Talon rubberized grip and shoots very well for a small gun because of the ported barrel. The gun would come with all seen here. Tier 1 Axis for appendix carry (\$125), leather wallet and pocket holster (\$35), six 8 rd mag (3 extra: \$96), Talon grip (\$20). The gun itself was \$450. Retail in all I paid \$724.
