Sweet survival/battle rifle and functional piece of history. This Norinco SKS has a 3-9 Nikon scout scope and modernized stock and pistol grip. Firing 7.62x39, the rifle is darn accurate, soft shooting and supremely reliable! SKSs are said to be reliable as the AK-47 yet better-built! Recoil is nil, trigger is surprisingly smooth and the rifle just feels great! The safety is also really nice. Would make a great survival rifle, "sidekick gun" or range shooter.
